

Why Shawn & Shawn ?

The answer is in Our Motto.
“Quality & Style for every Budget!”

We Guarantee you :

1.) Superior Customer Service

Here at Shawn & Shawn, Superior Customer Service is Our pledge to you. We pamper Our Customers and guarantee complete customer satisfaction. Try getting that guarantee from our competitors.

2.) Quality Product

We don't get our product from local wholesalers. We buy direct from the growers. Flowers from local wholesalers tend to be older than flowers obtained from the farmers and growers. We get our flowers from the same place the wholesalers get them, only we cut out the middle man. What does this mean to our customers? It means that flowers you buy from Shawn & Shawn are 1 to 2 weeks fresher than flowers from other shops in the area. Their flowers have set in a cooler at a warehouse, then a truck, then a wholesalers cooler, then a truck, then the florists cooler, then to you. Our flowers go from the garden to us within 48 to 72 hours of being cut from the fields. Now that's fresh!

3.) A Better Price!

Our prices are unbelievably lower than our competitors. We aren't out to be the richest florist in the neighborhood, but we do want to be the busiest. Don't take our word for it. We ask that you shop around for your wedding or event and then come to us. We will either beat their prices by more than 10% guaranteed, or we will show you some other styles of design that will not only be less expensive, it will look like it costs twice as much. In today's economy a better price for a higher quality product is something we all deserve.
